

LEDA Pro Wall Light

Our LEDA wall uplighter not only looks sleek and professional but also aids LG7 compliance. With its high-quality LED technology, this uplighter provides ample illumination to any space while helping to meet LG7 lighting guidelines. It's an excellent option for offices, commercial buildings, and other areas that require specific lighting compliance.

Additionally, our wall uplighter boasts an impressive lifespan of over 90,000 hours (L70 / F10), meaning that you won't need to worry about maintenance or replacement for years to come.

In short, our wall uplighter is a smart and stylish choice for those looking for a reliable and energy-efficient lighting solution. With its long life and LG7 compliance, you can trust that it will perform well and look great for many years
